

UTAH HAS CHANCE OF A LIFETIME

Prominent Railroad Man Tells Why Utah Jobbers Should Get Busy.

NEVADA TRADE IS WORTH THE EFFORT

State Presents Only Opportunity to Nevada Mines for Their Supplies.

Special to The Tribune. OGDEN, June 2.—Virgil P. Hiskey, of Salt Lake, returned to Ogden today from the West. He has been visiting his brother, J. M. Hiskey, who is superintendent of the Nevada Central Railroad company, and which runs from Battle Mountain to Austin and forms the connecting link between Ogden and Main.

Mr. Hiskey is deeply impressed with the mineral wealth of the region he visited. But he is more strongly impressed with the importance of the new regions to Ogden and Salt Lake. "If the business men of Utah will only go after it they can get a greater volume of business than they have ever before enjoyed," said Mr. Hiskey. "Nevada has always been tributary to San Francisco. Old and new, the mining camps have drawn on that city for their supplies. It is not right to gloat over the misfortunes that have befallen that city, but the fact remains that San Francisco cannot now furnish the supplies that Nevada needs, and the mining men and business men are looking to Ogden and Salt Lake for these requirements. If the two towns will go after it they can command the Nevada markets for all time, because they can get a foothold before San Francisco begins again."

Prompt Attention Necessary. Mr. Hiskey states that he has seen some instances where Utah men were slow to take advantage of this condition. A certain electrical supply concern in Salt Lake was asked by an agent of a telephone line that is being built from Austin to Manhattan to submit figures on the material for the line. Ordinarily the order would have been placed in San Francisco, but the disaster directed the management elsewhere. The specifications were placed with the Salt Lake house on Wednesday, with the understanding that a bid would be submitted on the same evening. According to Mr. Hiskey the bid has not yet been submitted, and the Salt Lake house will likely lose out.

Advantages of Line. The Nevada Central Railroad, of which Mr. J. M. Hiskey is the superintendent and which has a connection at Battle Mountain with the Southern Pacific, has just issued a folder in which it is shown that the distance from Ogden to Manhattan is but 47 miles by Battle Mountain; that this is 26 miles shorter than any other route; that the time is but forty-eight hours and that it affords two nights' rest over the Southern Pacific and Nevada Central lines.

Utah Is Only Market. The people of Nevada are out for the business and their only market now, is

UTAH. It is apparently one of the greatest opportunities Utah jobbers have ever had, and it is apparently only for the business men to reach and get it.

OGDEN'S NEW INDUSTRY.

Large Tract of Land Destined to Soon Harbor Activity.

Special to The Tribune. OGDEN, June 2.—A real estate deal was consummated in Ogden today which means another big industry for this town and ultimately the beautifying of a new tract in the city and the building of homes on what is now a barren clay stretch. A warranty deed for twenty-four acres of land lying between Thirtieth and Thirty-second streets and between Quincy and Monroe avenues, has passed from Horace E. Peery and wife, Ralph E. Hoag and wife, and Mrs. Mary Vahlin, to Levi Southwell, late of Rockland, Ida. The consideration is stated to be \$8000.

Large Contract in Idaho. It is Mr. Southwell's intention to establish brick kilns on the ground, an excellent quality of brick existing there, and rising in eminence that destroy the value of the property for residence purposes. He has one contract in Idaho for a million and a half of bricks and will proceed at once to make brick to fill it. After he has exhausted the brick clay it is his intention to plant the lands and sell them to be sold to artisans whom he expects to engage in the general construction business.

KNIGHTS GO TO PARK CITY.

Ogden Knights of Columbus Will Manage Initiation Service.

Special to The Tribune. OGDEN, June 2.—On Sunday morning, leaving at 4 a. m., the Rio Grande will run a train to Park City carrying seventy of the Ogden Knights of Columbus who will attend the initiation of the Park City council of the same order. The train will reach Salt Lake at 8 a. m. and Park City at 10 a. m. and returning will leave Park City at 11 p. m. At Salt Lake there will be a big bunch of the knights who will board the train. Mass will be celebrated in the church immediately after the arrival in Park City, and the conferring of the three degrees will then follow. The train will be met by Deputy H. V. Meloy of Salt Lake who will manage the initiation service. It will be a great day for the knights in Park City.

TRAVELERS HOLD MEETING.

Convention Is Discussed and Four Members Initiated.

Special to The Tribune. OGDEN, June 2.—Ogden council No. 348, of the United Commercial Travelers held its regular monthly meeting tonight in Eagle hall. Of course, the members took up and discussed the coming convention, which the citizens of Ogden propose to make the largest yet held in the city. In addition they took four members into the fold of their flock. The new members were John Douglas, Jack Owens and Willard Sowercroft.

Sunday morning at 11 o'clock they will meet at Becker's brewery and will there meet their election into the order.

There was some other business attended to tonight, but the main event was the equestrian efforts of the four candidates to ride the goat. Jack Owens got the first prize. He was thrown the farthest.

DELICATE OPERATION.

Doctors Attempt to Relieve Unfortunate Man of Ogden.

Special to The Tribune. OGDEN, June 2.—Carl Jenkins, the unfortunate young man who was committed to the insane asylum some months ago, suffering with a brain tumor, the result of a kick in the head by a horse some years since, and who was brought back to Ogden two weeks ago to undergo an operation for trepanning, was subjected to the operation this afternoon, and the results will be known in a few hours. The doctors have claimed that all that was necessary to remove the mental trouble under which he has been suffering is to perform an operation on the cranium and raise the fractured portion of the skull and remove the blood clots.

NEW GAS COMPANY PLANNED FOR OGDEN

City Offers Excellent Chance to People Willing to Benefit the Town.

Special to The Tribune. OGDEN, June 2.—George A. Snow, vice-president of the Utah Gas and Coke company, and Benton Lee, director of the same company of Chicago, left for Salt Lake today after a week spent in Ogden looking over the local field with the ultimate purpose of establishing a gas plant here.

Ogden Promising Field. Mr. Snow states that Ogden is as promising a field as any in the West, in proportion to its population, and that he will make further investigations, and the field is inviting will install a plant here. The workings of the Utah Gas and Coke company in Salt Lake are too well known and understood to call for comment. The company furnishes fuel gas for \$1.10 down to 50 cents, and illuminating gas from \$1.15 to \$1.35, and with the introduction of this cheap heat and illuminant in Ogden the people will regard it as a new factor in their development.

Mr. Snow and Mr. Clement will be here again next week.

POLICE BALL GAME.

Ogden's Finest Are Contemplating Easy Thing.

OGDEN, June 2.—The members of the Ogden police force are as mad as policemen can be over the continued assertion by the Salt Lake police force that the latter is going to take the baseball game from Ogden by fair means or foul. In one thing is certain, Salt Lake will not nominate her own umpire, at least not until there has been a fight.

Arrangements have been made to pull the game off at Glenwood on Tuesday, June 3, and Ogden announces that the Salt Lake police will get just an even break. They can come here and play ball, but they can get any clutch unless they find it on the diamond.

On Monday the lineup of the Ogden team will be printed. The nine players have already been selected, but their positions have not been assigned. "If Agassiz" Hadlock will probably play in left field. His eye, injured in the recent position of shortstop, is nearly healed and nothing remains now to show the result of the collision excepting a large lump which resembles a sun-burned potato.

Positions Assigned.

Charlie Pincock, in the practice game today, caught a hot grounder, held it and surprised himself and the team so much that he will undoubtedly be assigned to the position of shortstop.

Fred Toot, the heavy man of the team, will be put down in center field, where it is assumed that if he hands full to hold the ball it will be securely landed in some portion of his anatomy.

John Cooney will play third base. The reason for this selection is that his mitt is always out.

Ed. Morrisey will play in right field because there isn't much to do, and Ed. don't like effort.

Tom Burke, who has rubbed at baseball since he was a kid, Bob Chambers, Al Herrick and Mike Wilson, all of whom are veterans of ball games before, will have places on the team. The game will be called at 2:30 sharp on Tuesday afternoon.

Chief Browning has reiterated his orders that Captain Brown, Detective Pender and Special Officer Jones are to remain in town and look after the peace of the city. All the other officers may attend the ball game and the chief himself will take advantage of this provision.

HIGH SCHOOL POEM.

Salt Laker Composes Song That Pleasured Ogden Class.

OGDEN, June 2.—The following is the poem written by Prof. George A. Eaton of the Salt Lake high school, and sung by the graduating class of the Ogden High school at the commencement exercises held in the Ogden Grand opera house on Friday evening, June 1. As the poem is a highly patriotic one, and the sentiment conveyed is worthy of appreciation.

Here Is the Poem.

Through life with its seasons of pleasure and pain,
Be they spent in the cottage or hall,
There are none that are fraught with such comfort and joy as the school days recall.

As the hours that our school days recall,
A hall! Alma Mater, thou guide of our youth,
Who hast molded our spirits and furnished some
We cherish thee now as those cherished us then.

And invoke on these blessings divine,
Join hands, once again, in Fraternity's bond,
Everlasting that kinship shall be,
First, we pledge to the weal of the land that we love.

May we never lack hearts brave and free,
Then, here's to fair knowledge, bright symbol
And may never foul ignorance rule;
May the God of our fathers forever protect
Ourselves and the Ogden High school.

HELD OVER FOR EMBEZZLEMENT

George Cottam Held to District Court Under Heavy Bond.

OGDEN, June 2.—George Cottam, who was arrested near Heber Springs last night by Deputy Sheriff Shaw, was arraigned in the Police court today and was held to the District court in the sum of \$500 for embezzlement. Cottam was brought to Ogden by Fred Hillman of the Ogden Hide and Felt company. Cottam was released on bond furnished by C. M. Higgins and P. T. Brown, the latter of Corinne.

SUIT FOR AN EYE.

Former Employee of Railroad Seeks to Recover for Injury.

OGDEN, June 2.—A suit will be filed in the Third District court in Salt Lake on Monday by Mike O'Neill, through his attorneys, Maginnis & Corn, in which the Rio Grande Western is the defendant, and in which it is sought by the plaintiff to recover \$10,000 for the loss of his right eye while in the employ of the defendant company. The complaint alleges that on October 17, while plaintiff was working as a machinist, an incompetent helper was put to work with him, and so great was his incompetency that he struck the plaintiff on the right side of the face, utterly destroying his right eye, which had to be removed.

BANK IS PLAINTIFF.

Suit Begun to Recover Half the Value of Promissory Note.

OGDEN, June 2.—The First National bank has started suit against James Blair to recover the half of the value of a note for \$600 executed and delivered on November 7, 1904, with Preston Blair as surety. When the note became due and was unpaid, Preston Blair made an arrangement with the bank whereby he would be released on the payment of half of the note, \$300, and the payment was made. James Blair is, accordingly, the only defendant for the remaining half.

Brief Mention.

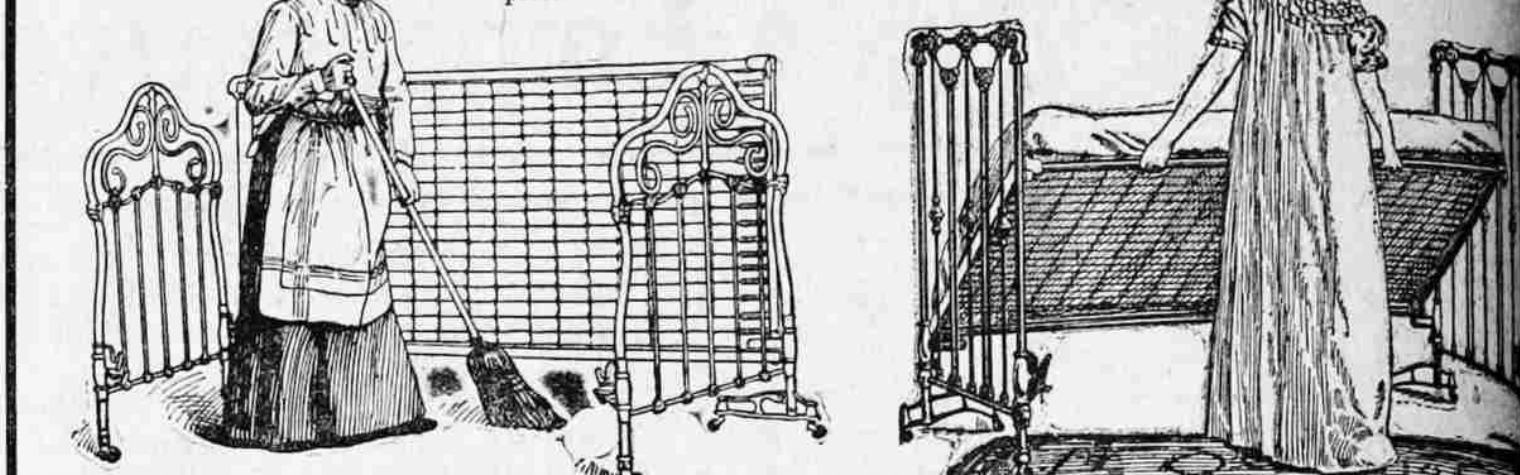

OGDEN, June 2.—Mrs. Charles Welch, 65 years of age and one of the pioneers of Utah, has left for a trip to Europe. She will sail from Boston for England on June 7. Marriage licenses were issued today to E. R. Thomas and Miss Gertrude E. White, both of Ogden; also to Otto Grade of Omaha, Neb., and to Miss Grace M. Noyes of Hastings, Neb.

The opening of the season at the Glenwood saucer lake place Sunday night. All of the crack riders of Utah will be in the event.

"THE GREENEWALD FURNITURE STORE" A Perfect Iron Bed That Folds

No complicated mechanism, chains or hinges to stick or get out of order. No dangerous automatic parts. Simply a perfect iron bed so constructed that it can be easily lifted or folded to position shown below being balanced to relieve the weight raising or lowering. Frames of various designs—Iron, plain or brass trimmed and fitted with wire fabric spring that is tested by the maker for twenty years of constant service. A model bed where space is a factor. Ideal for Hotel or Rooming House use or as a spare bed for the residence.

THE ECONOMY OF IT is not only in the saving of room, but in the actual cost as compared with the regular beds of equal merit. The same grade of bed with same grade of spring in any other line would cost considerably more than the price of the Foldable Bed complete.

Two Foldable Iron Beds Underprice for the Week.

REX MATTRESSES. The material in this Inner-Tufted Mattress is second in position by 352 stitches, and will retain its symmetrical form. It is positively guaranteed not to become lumpy. Noce genuine without our registered trade mark. Chas. A. Fisher & Co.

This mattress is made in layers of Elastic Cotton Felt. Smooth surface, no tufts visible. Ticking is not punched full of holes. No outside tufts to collect dirt and vermin. Evenly elastic over entire surface. Constructed on scientific principles by improved method.

The Price is \$15.00--Sold Only By Us in Salt Lake.

GOOD ROADS PEOPLE WILL HOLD MEETING

Generous Subscriptions Being Made to Carry on Commendable Work.

Automobilists, horseback riders, owners of driving horses and all others who are interested in good roads will hold a meeting at the Country club June 3 at 3 p. m. to inaugurate active work. At this meeting committees appointed some time ago to investigate the matter will make their reports.

According to reports, the association aims to accomplish three special objects—first, to clean up the city streets, second, to clean up the city streets, and third, to clean up the city streets.

The girls of the Second ward will give a minstrel show on Monday and Tuesday evenings at the Second Ward Amusement hall. Their many former triumphs make the success of this performance a foregone conclusion.

The juniors of the high school entertained at a dance and reception complimentary to the seniors on Tuesday evening at Toller's academy. The school colors, black and yellow, were used in the decorations, and the affair proved an exceedingly enjoyable one.

Mrs. Deegan was hostess on Wednesday evening at an informal dinner given in compliment to Miss Bowles and Miss Lyle of the faculty of the deaf and dumb school, only a few intimate friends being present. Miss Bowles and Miss Lyle will leave soon for their home in Virginia, where they will spend their vacation.

Miss Maud Hagood of De Lamar is the guest of Mr. and Mrs. Ralph E. Hoag at the Virginia.

One of the pretty parties of the week was the breakfast given by Mrs. J. G. Faine on Saturday morning at her home on Adams avenue.

Miss Sarah C. Chapman will entertain the members of Circle No. 2, Ladies of the G. A. R., on Wednesday afternoon, June 6, at her home at 218 Adams avenue.

Mrs. Jackman and Mrs. Turner entertained at a dance and reception complimentary to the seniors on Tuesday evening at Toller's academy. The school colors, black and yellow, were used in the decorations, and the affair proved an exceedingly enjoyable one.

Dr. and Mrs. George Baker left Monday for Boston, where the doctor goes to attend the Medical association. Before returning they will spend some time visiting Eastern points of interest.

The marriage of Miss Kate O. Montgomery to Mr. J. L. Barker was solemnized Wednesday in the Salt Lake temple. Both of the contracting parties have scores of friends who join in sincere good wishes for their happiness. The bride is the daughter of Nathaniel Montgomery of North Ogden, and has been a teacher in the public schools for a number of years. Mr. and Mrs. Barker left for France, where Mr. Barker goes to take a course in the French language.

GARDNER'S SUNDAY STORE NEWS.
